

WHAT TO PACK

To make your experience more enjoyable, we have put together a small packing list that might help you plan your visit!

For your safari packing it is advised that you stick to a tonal, neutral colour palette (khaki, beige, light brown) and avoid dark colours as they absorb heat, and bright colours as they can attract bugs.

- A pair of long trousers, khakis, for safari
- A long-sleeve cotton shirt, cotton t-shirts or vests
- Comfortable trousers for around the camp
- Comfortable walking shoes/track shoes/hiking boots for walks
- Flat, closed toe shoes for around the camp
- Wide-brimmed Hat/ Panama, Safari Hat
- Windbreaker/light jacket
- Lightweight shorts and t-shirts for the daytime
- Safari dresses, shorts for the ladies for around the camp (depending on the weather)
- A light fleece or long-sleeve shirt
- Sunglasses, lip balm, mosquito repellent
- Camera, memory cards, chargers

The early mornings and evenings can be cold during the winter so we recommend packing accordingly:

- A warm jacket or winter coat
- Warm beanie, winter hat and scarf
- Gloves
- Long-sleeve shirt with thermal undergarments
- Warm jumper

Medical :

Please consult your physician or local travel clinic for an up-to-date list of required vaccinations, yellow fever certificate before travelling to Kenya.
